TITLE

Canadian videotex system **Brown, H G, O'Brien, C D, Lum, Y F, Sawchuk, W and Storey, J R** 65
Clustering algorithm for the topological design of hierarchical, multidrop data networks **Vilis, R and Georganas, N** 105
Communications error handling **Dunlop, W C** 154
Computer communications and the airlines **Nicoletti, B** 7
Computer communications at the IIASA **Beauchamp, K** 264
Customer access protocols for integrated services digital networks **Accarino, N, Decina, M, Rossi, C and Roveri, A** 268
DataVision and Text TV in Sweden **Kvarnefalk, G** 74
Design of a multifunctional communications software package **Schneider, M and May, L** 98
Dimensioning of message-switched computer communications networks with end-to-end flow control **Chan, J and Georganas, N** 161
Electronic fund transfer in the UK **Pegg, F R** 258
Electronic mail **Soulsby, J** 12
Evolution of a data network **Lewis, A** 216
Mathematical algorithms and computer communications technology **Nicoletti, B** 111
Reorganization of a police communications network **Tyler, G** 115
Strengths and weaknesses of Prestel **Williams, E** 56
Survey of computer-communications loop networks: Part 1 **Penney, B K and Baghdadi, A A** 165
Survey of computer communications loop networks: Part 2 **Penney, B K and Baghdadi, A A** 224
Teleprocessing with a batch machine **Garrick, J** 2
Telset, the Finnish Viewdata **Jaakola, P, Hirvonen, M and Baerlund, O** 69
Username mapping in a network **Larmouth, J R, Johnson, D, Ross, N D H, Young, G F T and Ellison, H D E** 220
Video response system **Kobayashi, N** 202
Videotex developments in France **Marti, B** 60
Videotex – an overview of electronic information services **Clark, R** 51
Word-processing hazards rejected **Jones, F** 210

SUBJECT (CONT'D OPPOSITE AND OVER)

APPLICATIONS

Computer communications and the airlines **Nicoletti, B** 7
Reorganization of a police communications network **Tyler, G** 115

CONFERENCES

Ecoma-7 284
Electronic office 282
EuroIFIP 280
Telecom 79 277

CALENDAR 48, 96, 152, 200, 256, 304

DATA COMMUNICATIONS

Communications error handling **Dunlop, W C** 154
Design of a multifunctional communications software package **Schneider, M and May, L** 98
Mathematical algorithms and computer communications technology **Nicoletti, B** 111

INTERFACE

Award for technical achievement 18
Computer network measurement 17
Computing standards agreement 181
Euronet contract 128
European computer trading and leasing association 128
European computer users 16
European informatics programme 181
High-capacity disc 18
Human factors in VDU design 16
Insurance conference 19
Master telecommunications plan 16
Methodology for selecting interactive computer networks 291
Public data networks 128
Satellite earth-station licences 181
Software contracts 20
Technical advisory committee 20
Viewdata contract 129

INTERNATIONAL REVIEW

Australia **Richards, A** 14, 117, 275
USA **McQuillan, J M** 182, 242, 274
USA **Walden, D** 76

LITERATURE REVIEW 36, 78, 142, 191, 301

NETWORKS

Clustering algorithm for the topological design of hierarchical, multidrop data networks **Vilis, R and Georganas, N** 105
Computer communications at the IIASA **Beauchamp, K** 264
Computer network measurement 17
Dimensioning of message-switched computer communications networks with end-to-end flow control **Chan, J and Georganas, N** 161
Euronet contract 128
Evolution of a data network **Lewis, A** 216
Methodology for selecting interactive computer services 291
Public data networks 128
Survey of computer-communications networks: Part 1 **Penney, B K and Baghdadi, A A** 165
Survey of computer communications loop networks: Part 2 **Penney, B K and Baghdadi, A A** 224
Username mapping in a network **Larmouth, J R, Johnson, D, Ross, N D H, Young, G F T and Ellison, H D E** 220

PRODUCT REVIEW

Applications

Banking system 45
Bank teller 137
Financial terminals 84
Immigration terminal 85
Office information system 45
Publishing transactions 136
Teller terminal 298

Data communications

9.6 kbit/s modem 254
Auto answer modem 42
Baseband modem 42
Circuit switching 300
Communications controller 197
Communications processor 199
Data-communications controller 254
Data-communications test equipment 255
Datalinks 300
Data modem 255
Data multiplexer 87
Data transmission 135
Desktop graphics 197
Integral modem 297
Intelligent interface 300
Minicomputer software 137
Modem for leased lines 297
Modem range 254
Multiprocessing 195
Packet-switching network processor 255
Programmable multiplexer 196
Statistical multiplexer 135
Terminal subsystem 140
Two-tone modem 88

Distributed processing

Distributed communications 137
Cluster controller software 196
Interactive computer system 138
Library maintenance 198
Minicomputer system 139
Operating system 140
Software package 298
Software products released in tandem 299
Teleprocessing 138
Teleprocessing software 137

Peripherals

Dot-matrix printer 46
Electronic typing system 46
Error-correcting RAM 46
Intelligent terminal 140
Intelligent terminal system 44
Microcomputer 43
Microcomputer kit 46
Miniature teleprinter 88
Multitask operating system 85
Pocket data-entry terminal 296
Portable data terminal 88
Tabletop system 87
Terminal improvements 139
Uninterruptible power 298
Viewdata terminal 43

Retailing

Clothing retailing 45
Credit card reader 137
Point of sale 87
Point-of-sale terminals 198
Swipe reader 136
Transaction processor 298
Wand scanner 137
Wholesale package 45
Security
Video station control 198

Standards and protocols

Emulation 138
IBM 3776 BSC emulator 44
Interface converter 87
Interface software 136
Software supports X.25 protocol 199
Video interface chip 43

Telecommunications

Bandpass filters 299
Communications controller 86
Communications line controller 86
Conversion reader punch 197
Desktop communications 137
Electronic PABX 195
Line fault diagnosis 195
Message switch 47
Message switching for telex 297
Optical fibre development 300
PCM line filter 42
Public telegraphy 85
Pulse-code modulation decoder 255
Reed switching 135
Software 300
Switchboard equipment 194
Telephone call logging 86

Text processing

Business system 135
Electronic mail 136
Facsimile 254
Single and multiuser word processors 296
Viewdata 136
Word processing 84
Word processing 135
Word-processing coordinator 198

STANDARDS AND PROTOCOLS

British Standards Institution

Code for the testing of computer-based systems 81
Electrical equipment surveys 22
BS 3527 Glossary of terms used in data processing Part 12: 1978 Data media, storage and related equipment 21
BS 3527 Data processing. Part 14: 1978 Reliability, maintenance and availability 81
BS 3839: 1978 Oxygen-free high-conductivity copper for electronic tubes and semiconductor devices 21
BS 4187: Microfiche. Part 3: 1978 Formats of 208, 270, 325 and 420 frames (except COM) 21
BS 4778: Glossary of terms used in quality assurance (including reliability and maintainability terms) 248
BS 5110: Programming languages for the numerical control of machines. Part 2: 1978 Minor elements of 2000-type records (post processor commands) 22
BS 5497: Precision of test methods. Part 1: 1979 Determination of repeatability and reproducibility for a standard test method 127

BS 5554: 1978 Guide to modular instrumentation for data handling: Camac system 81
BS 5595: Interchangeable magnetic twelve-disk pack for information processing. Part 1: 1978 100 Mbytes 21
BS 5605: 1978 Recommendations for citing publications by bibliographical references 81
BS 5632: 1978 Microfilm jackets A6 size 21
BS 5644: 1978 Computer output microfiche (COM) A6 size 21
BS 5654: Stabilized power supplies, DC output. Part 1: 1979 Terms and definitions, Part 2: 1979 Method of specifying rating and performance and Part 4: 1979 Tests other than radio-frequency interference 127
BS 9210 N0006 Part 1: 1978 Detail specification for radio frequency connectors, series SMA, unsealed soldered 50Ω: full assessment level 21
BS 9210 N0009 Part 1: 1978 Detail specification for radio frequency connectors, series SMC, unsealed, soldered, captive contact, 50Ω (screw coupling) and Part 2: 1978 Control drawings, mating face details and gauge information 21
BS 9210 N0006 Part 2: 1978 Control drawing, mating face details and gauge information 21
BS 9240: 1978 N0002 Type C flanges, fastenings and accessories for ordinary rectangular wave guide tubing and components: full assessment level 81
PD 6485: 1979 Limits of radio interference and leakage currents according to CISPR and national regulations 127
Draft BS 78/63605: Specifications for programming languages for general applications in real-time computer systems. Part 1: 1978 Specifications for CORAL 66, Part 2: 1978 Specifications for RTL/2 127

International Telecommunications Union

Amendments to series V Recommendations, Geneva 1978 126
Index to the Orange Book, VIth plenary assembly, Geneva 1976 126
